

## ETN24-PM-3S (Cool Only)

**24VAC, Wall mount thermostat with proportional, Pulse Modulated output for Cool Only and 3 Fan Speeds**

### General

The ETN24-PM-3S Cool Only is an attractive, wall mount thermostat suitable for light commercial, residential or apartment applications.

It has a proportional, pulse-modulated output for the Cool valve and 3 fan speeds outputs. It also offers a Window Contact input for Energy Saving; when this normally closed contact opens, the thermostat either turns off or switches to Economy mode. In addition, a number of features are adjustable: open/close time of the Cool valve motor, economy mode set-point and temperature offset.

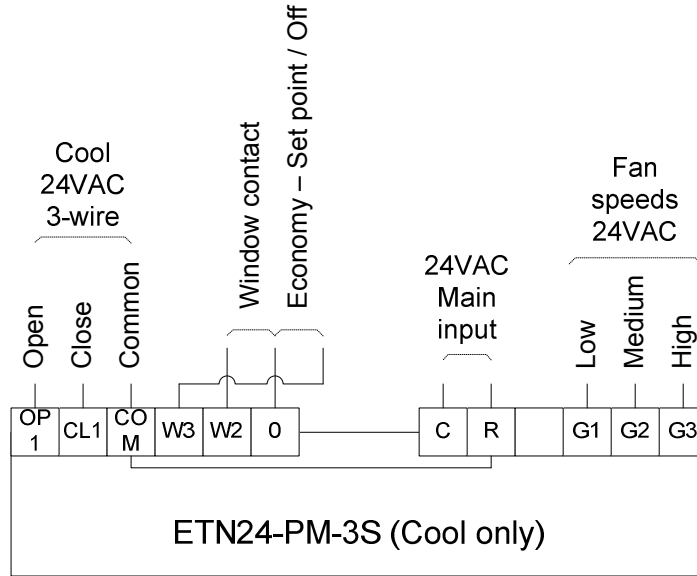

The ETN24-PM-3S Cool Only is smart looking thermostat, with a large, easy to read display.
